

TELEGRAPHIC.

BATTLEFORD, June 17th.
Plenty of rain and crops looking better than ever.

Mrs. Hugh Richardson went south with last stage on a visit.

The 24th of June will be duly celebrated at Jackfish lake again this year.

B. Prince will shortly start to get a fresh supply of lumber from Edmonton.

Rev. Thos. Clark is on his way home from England, having been away a few months.

D. Dewar has the contract for bringing beer from Edmonton for the N. W. M. P. centre.

Repairs to the Roman Catholic church are progressing under Mr. Poirier, contractor.

A photo gallery has been constructed and fitted up for Mrs. Moodie in the south end of town.

J. T. Callahan has the contract for the delivery of telegraph poles from Edmonton to Battleford.

Prince Bros. have secured the contract for the industrial school coal, Mr. Bell having given it up.

The Hudson's Bay Co. store here has a new manager in the person of Mr. Hickson, formerly of Winnipeg.

A new public Protestant school is being built by Mr. B. Prince who is also building a handsome residence for Mr. Hickson.

Inspector Wadsworth, of the Indian department, went back to Regina after a stay of several weeks here inquiring into departmental business.

J. E. Young, manager of the Imperial bank, Prince Albert, is in this town on a visit to his cousin Mr. Malcolm Young, A. McDonald's manager.

Three trotting horses from this place will meet in a race at Regina and will occasion a good number of our sports to go to Regina for the exhibition.

Clifford Bros. are doing some work in the north end. The three story addition to the Queen's is rapidly nearing completion in the interior and is a very handsome improvement.

J. M. Skelton is having a regulation half mile track laid out and finished in the best style on his property a little way out of town. It is evident there will be some more fun this fall.

Judge Rouleau paid a visit to this town last week, arriving on Wednesday evening. The next day he held court, disposing of several unimportant cases. In the evening he organized a branch of the Catholic mutual benefit association, with a very good membership. He left here Friday evening, going to Prince Albert where another branch of the same society is to be organized.

Winnipeg, June 20th.

Tranquility has been restored in Brazil.

Another Behring sea sealing vessel has been lost.

Count Kialinansagg will be offered the Austrian premiership.

The Cornwall canal is blocked. Three lock gates have been smashed.

The French members of the Dominion house express their determination to force remedial legislation.

The statement that Gladstone is at variance with the British government is characterized as false.

James O'Brien, charged at Montreal with obtaining \$20,000 under false pretences, has been honorably acquitted.

Hayter Reid Henderson, charged with theft at Regina, has been sentenced to six months, each on two charges.

Davies' resolution censuring Haggart for permitting the Curran bridge scandal was defeated in the house of commons by 102 to 65.

The Presbyterian general assembly has made a unanimous declaration on the Manitoba school question favoring non-interference.

The debate on the government's answer to the remedial order was closed in the legislature last night. When the vote was taken on the amendment to restore to Catholics the old system it was supported by the four French members only; the government party and the English members of the opposition voting against it. Another amendment to adopt the Ontario system here received only six votes with 29 against. One Patron and one English member of the opposition voted with the government. The original motion of the government was then carried by 25 to 10.

LOCAL.

TUESDAY'S train took out a car of coal to R. C. Thomas, Calgary, from the White Star mine.

The case against H. Woodward for assault came up on remand on Tuesday and was dismissed.

LECTURE to-morrow evening in Robertson Hall. "An Irishman's impressions of America," by Rev. Jas. Morrow, of Wetaskiwin. The lecture is in aid of the talent fund of the Presbyterian church.

A TELEGRAM was received from Regina yesterday by Dr. McInnis, stating that a prize of \$100 would be offered at the Territorial exhibition for a professional foot race of 200 yards. This prize is offered with a view of inducing Moosewa to run at Regina.

THIRTY-two settlers came north on Monday's train, 1 from England, 21 from the United States and 10 from Germany. Eighteen came to Edmonton, 10 to Leduc, 1 to Wetaskiwin, 1 to Lacombe, 1 to Red Deer and 1 to Oids. A car of stock came from Minnesota to Edmonton.

THE Winnipeg Tribune gives an elaborate account of the recent marriage of Mr. C. G. Pennock, of the bank of Ottawa, to Parry Sound, to Miss Henrietta Strang, daughter of Robt. Strang of Winnipeg. The bride is a niece of C. F. Strang, of Ross Bros., Edmonton.

THE Minnow arrived on Tuesday night from Degagne's quarry with a barge loaded with stone, and some samples of lime from the kiln recently burned by Mr. Degagne. The lime stone is dark in color and does not slack easily, but when mixed in mortar it is very tenacious, particularly suitable for stone work. The Minnow left for the quarry again to-day.

A FLOWING bee was held at J.B. Butchart's place on Stony Plain, about four miles west of Stony Plain post office, on Tuesday. Sixteen of Mr. Butchart's neighbors turned out with their teams and broke fifteen acres of land for him. Mr. Butchart is over 80 years of age and this was a means taken by his neighbors to help him along. He has some six or eight acres of crop in this year.

A TELEGRAM received last night announced that the Saskatchewan team had won the Rugby football match in Calgary by 10 points to three. The members of the team who went down are: G. E. D'Easum, L. Adamson, F. Adamson, F. Cory, A. Blair, J. Forbes, H. Hope, A. H. Armstrong, R. G. Hardisty, — Moore, G. Cresswell, H. Edmondson, A. W. Adamson, and J. Williams.

PIERRE GREY, trader of Jasper house, came in from lake St. Ann on Wednesday with a large outfit of fur which will be sold here to the highest bidder. Competition is keen among the fur buyers. Mr. Grey reports a find of gold quartz the other side of the summit of the Rockies. Samples were brought to him by an Indian which showed large quantities of gold easily taken out of the quartz. J. Graham and one of D. E. Noyes' sons have gone to search for the quartz.

THOS. JOHNSON, of Winnipeg, traveller for G. F. & J. Galt, wholesale groceries, and president of the Manitoba Kennel club, during his recent visit to Edmonton presented a very handsome silver cup for competition by the Edmonton gun club. The cup is of tasteful design being supported from the base by crossed guns and a wreath. The cup is to become the absolute property of the winner and will be competed for as soon as the gun club can make arrangements for a match. The cup is on exhibition at Brown & Currie's store.

THE brick work of the first story of the new Roman Catholic hospital is completed and the joists are being laid to-day. A frame addition on the north side for kitchen and laundry is now sheeted in. The size is 16x40, story and a half high. The lower flat will be used for kitchen and laundry and the upper flat for a drying room. Some small store rooms are being fitted up in the rear of the kitchen. The work is under the superintendence of J. A. Senecal, architect. Mr. Casson is doing the brick work.

LOTS 72 and 73, block 2, H. B. property, on the east side of Third street and immediately north of Dr. Braithwaite's residence have been purchased as a site for the new All Saints church to be erected this season. The building will be of solid brick and will cost about \$3,500. It is planned with a view to the erection of what will be only the rear part of the completed building, but which will have a seating capacity of 200. It is intended to add the front and spire as circumstances admit. The site is very central, convenient and commanding. The church building and fittings will cost about \$5,000.

D. B. WILSON of Sturgeon settlement has wheat 30 inches high.

THOS. HENDERSON of Rabbit Hill is selling honey of this season's make.

The proposed race between Moosewa and Allen at Calgary will take place this evening or to-morrow.

W. ROWLAND, senior, came in from Beaver lake yesterday. There have been good rains at the lake and crops are looking well.

EDMONTON MARKETS.

One of the first questions which the prospective settler of means and enterprise asks is What are your markets? Upon the opportunities for marketing the produce of the farm the profits of the farm very greatly depend. As a general thing the markets are the weak point in a new country. The land may be cheap and fertile, and the climate salubrious, but if there is only a truck market many people will prefer to take their chances where a cash return for their labors in the price of their produce is better assured. Edmonton has passed through the truck stage in regard to the marketing of most of its products, while its geographical position near British Columbia is such as to give it the best prices available in the fertile area of the Northwest. Not only so but capital is being invested in a number of enterprises, which by increasing the value of the farmer's product before shipment will increase the value to the farmer and improve his market to that extent. The roller mill in South Edmonton by manufacturing wheat into merchantable flour increases the price of wheat, for cash. The oatmeal mill being put up there will do the same for oats of proper quality. The creamery does the same for butter. Hogs will be made into bacon and hams next fall on an extensive scale by the Edmonton Pork Packing Company and C. Gallagher. Beef is cash either to local butchers or for shipment and wool and hides are also cash for shipment. All these products of the farm find a ready cash market at good prices, and as they are the principal products this puts the farming business in this district on a much more solid footing than is usual in new settlements. At the same time it has to be acknowledged that certain other important products do not find a ready cash market. These are eggs, dairy butter and vegetables, all articles which this district produces abundantly. To secure a cash market for these articles would materially increase the wealth and prosperity of the district. It used to be supposed that we had a splendid market for these articles in the cities on the Pacific coast. But we are practically cut out there. There is, however, a better market for these very products nearer at hand if we can only arrange to avail ourselves of it, namely in the Kootenay country. In that region there are thousands of men working in the mines for good wages, who receive the bulk of their supplies from the United States. The furthest part of that region is nearer Edmonton than Vancouver is. There is regular communication by rail and steamer. Is there not a possibility of opening up a trade in eggs, butter and vegetables from Edmonton with that district. This would seem to be a matter that the board of trade might take up with good results. At the present time potatoes are a drug here at 10 cents a bushel. From present appearances the supply will be still greater next fall. The mining region must consume a great quantity of potatoes and other vegetables, and while Edmonton is not perhaps in the best possible position to supply the demand it certainly has the advantage in abundance and cheapness of the product and should at least be able to compete.

MANITOBA'S REPLY.

The reply which the Manitoba cabinet has asked the legislature to make to the remedial order regarding schools has been published in full in the Free Press and is in the form of a memorial to the governor-general in council. It is a straight refusal and reads as follows: "The privileges which by the said order we are commanded to restore to our Roman Catholic fellow-citizens are substantially the same privileges which they enjoyed previously to the year 1890. Compliance with the terms of the order would restore Catholic separate schools with no more satisfactory guarantees for their efficiency than existed prior to the said date.

"The educational policy embodied in our present statutes was adopted after an examination of the results of the policy thereto-

fore followed under which the separate Roman Catholic schools (now sought to be restored) had existed for a period of upwards of nineteen years. The said schools were found to be inefficient. As conducted under the Roman Catholic section of the board of education they did not possess the attributes of efficient modern public schools. Their conduct, management and regulation were defective. As a result of leaving a large section of the population with no better means of education than was thus supplied, so far as we are aware there has never been an attempt made to defend these schools on their merits, and we do not know of any ground upon which the expenditure of public money in their support, could be justified.

"We are, therefore, compelled to respectfully state to Your Excellency-in-council that we cannot accept the responsibility of carrying into effect the terms of the remedial order.

The memorial then goes into a discussion of the question and bases the objection to a double school system on the impossibility of carrying on such a system where the population is so scattered and the expense so great per head as in the greater part of Manitoba. The Dominion government is advised to refrain from hasty action or any action until it becomes fully informed of the various circumstances of the case. The memorial continues:

"It will be admitted that the two essentials of any effective and substantial restoration of Roman Catholic privileges are:

(1) The right to levy school taxes;

(2) The right to participate in the legislative school grant;

Without these privileges the separate schools cannot be properly carried on, and without them therefore, any professed restoration of privileges would be illusory.

"It may be held that the power to collect taxes for school purposes conferred upon school boards by our former educational statutes was conferred by virtue of the provisions of sub-section (2) of section 92 of the British North American Act and not by virtue of the provisions of section 22 of the Manitoba act. If this view be well founded then that portion of the act of 1890, which abolished the said right to collect taxes is not subject to appeal to Your Excellency-in-council and the remedial order and any subsequent legislative act of the parliament of Canada (in so far as they may purport to restore the said right) will be ultra vires.

"As to the legislative grant we hold that it is entirely within the control of the legislature of the province and that no part of the public funds of the province could be made available for the support of separate schools without the voluntary action of the legislature. It would appear, therefore, that any action of the parliament of Canada looking to the restoration of Roman Catholic privileges must, to be of real and substantial benefit, be supplemented by the voluntary action of the provincial legislature.

"We understand that it has been lately suggested that private funds of the Roman Catholic church and people had been invested in school buildings and land that are now appropriated for public school purposes. No evidence of such fact has ever been laid before us so far as we can ascertain, but we profess ourselves willing if any such injustice can be established, to make full and fair compensation therefor.

RESULT OF CORRUPTION.

Winnipeg Tribune: Scarcely a day passes at Ottawa that there are not fresh revelations in regard to the manner in which the public revenues have been and are either wasted or hoodled under Conservative rule. There have been so many sink holes into which vast sums of public money have been thrown that it is impossible to give a complete list but the following will serve to show how the country has been robbed during the present regime and to illustrate the great need there is for reform:

St. Charles branch railway (14 miles): Promised cost, \$136,000; expended upon it, \$1,740,000; outstanding claims, \$230,719; cost of road itself, \$822,000; cost of land damages, over \$900,000.

Tay canal (6 miles). Estimated cost, \$132,600; expended upon it, \$176,128; revenue for 1894, \$129; cost of maintenance, 1894, \$2,458.

Little Rapids Lock. Contract estimate of cost, \$66,680; paid to contractor, \$260,000; contractor's claims still unpaid, \$6,100; no traffic and no receipts from the canal.

Galop Rapids Lock (Cornwall Canal). Contract price, \$306,600; paid to contractor, \$446,500; contractor's claim still unpaid, \$130,000. The minister of canals declared in parliament after the work was taken over that no one would use it.

Shelby's Island dam (Cornwall Canal). The original contract was cancelled and a work abandoned upon which \$15,500 of money was absolutely thrown away. The new work was given to a favored firm of contractors without tenders, who have been allowed \$22,500.

Langvin Block—Estimated of cost less than \$ 500,000; already paid, \$781,000; outstanding claims, \$250,000. Contractor Charlebois had this clause put into the contracts which other contractors on the building had with the Government: "The contractor will agree to bind themselves to buy the right of way from the contractor, Mr. Charlebois."

Councilly-McGreavy works—Cost to contractors of work, \$2,184,250; cost to country, \$3,138,234; contractors' profits, \$953,975; loss to country after deducting a fair profit, \$709,000.

Printing bureau scandal—Senecal's commissions on purchases of supplies and machinery, \$50,000.

Curran bridge—Estimated cost, \$123,000; government commissioner's estimate of reasonable cost, \$160,000; actual cost, \$430,000; stolen from the country, \$270,000.

Campaign contributions paid by Senator Ross to Sir Adolphe Caron, and recouped by subsidy to the Lake St. John Railway, \$25,000.

Fredricton and St. Mary's bridge—Paid up capital of company, \$200,000; government loan at 4 per cent., \$300,000; government bonus, \$30,000; total cost of bridge, \$19,000; interest due the Government upon loan since 1888, \$66,000; total amount of public money sunk in this private speculation, \$396,000.

Caranquet Railway—\$224,000 of public money has been put into this sinkhole. The road is not paying running expense, and the public expenditure, which was incurred for election purposes, is a total loss.

GENERAL NEWS.

Seven hundred men are at work on the Kaslo and Slocan railway.

The Prince Albert Advocate reports the loss of some cattle in that district by their being choked by sand flies.

H. D. Lumsden and party are examining the country from Pincher Creek to Fort Steele, B. C., through the Crow's Nest pass. This looks like possible railroad building.

The Regina school trustees have sold their \$13,000 debentures, which extend for a period of twenty years at 5 per cent. for the sum of \$13,082 or \$82 above par. The debentures were raised for the purpose of erecting a new school.

A serious loss in cattle and horses is reported from the Touchwood district, some seventy head having died from the attack of swarms of a peculiar grey fly. The pest fortunately lasted only forty-eight hours, and it is hoped has disappeared for the season. A similar visitation occurred four years ago, but the loss was so large.

It is said to resemble a common uncleanly insect with wings. Qu'Appelle, Assa., Vidette.

MORTGAGE SALE

OF VALUABLE

TOWN PROPERTY

Pursuant to the order and direction of the Hon-
orable Mr. Justice Rouleau, and under and by virtue
of a certain registered mortgage made in pursuance
of the Territories Real Property Act and amend-
ments thereto, which mortgage will be produced at
the time of sale, there will be offered for sale by
public auction on Saturday, the 29th day of June,
1896, at the Robertson Hall in the Town of Edmon-
ton, at the hour of 2 p.m. the following property,
viz.:

All and singular Lot thirty-eight, (38), in Block
number two (2) according to a plan of a sub-division
of River Lots twelve (12) and fourteen (14) of the
Settlement of Edmonton, of record in the Land
Titles Office for the North Alberta Land Registration
District as Plan "D."

The above property is situated on the north side of
Jasper Avenue, in the Town of Edmonton, nearly
opposite the Robertson Hall, which may be better
known as the residence of Duncan C. Robertson.

NOTICE.

North-West Territories, }

To Whom It May Concern: }

In the matter of the Land Titles Act, 1894, and in
the matter of that certain registered mortgage made
by Jules Auguste Royal to the Dominion
Building and Loan Association on the following
lands namely:

Lot numbers seventy (70) and seventy-one (71) in
Block number five (5), according to a plan of part
of the Hudson's Bay Company's Reserve at Edmon-
ton, of record in the Land Titles Office for the
North Alberta Land Registration District as Plan
"B."

Upon hearing the application of the mortgagees
for foreclosure, and upon reading the affidavit and
papers filed therewith, and satisfactory proof of
service of notice of application on the mortgagor
having been made, I do order that notice be published once a week
for three successive weeks in the Edmonton
"Bulletin," a newspaper published at the Town of
Edmonton, in the said district, offering the said
land for sale, and that after the expiration of one
month from the date of the last publication of the
said notice, the said mortgagees shall be a liberty
to make an application for absolute order of fore-
closure of the said estate, right, title, interest and
equity of redemption of the mortgagor of, and in
the said lands and every part thereof, pursuant to
the provisions of Section 75 of the said Land Titles
Act, 1894.

Edmonton, 27th May, 1896.

(Signed) CHAS. B. ROULEAU,
J. S. C.

Pursuant to the above order, and subject to the
terms thereof, the above mentioned lands are hereby
offered for sale. For further particulars apply to

OLDS.

A car of lumber arrived last week for the creamery and the carpenters are busy finishing off the building. Everything will be ready to commence butter making by the first of July.

R. Shannon of the Raven River Ranch is in to-day and reports he has lost four head of cattle with the poisonous weed. Cook and Mason, of the Red Deer, also lost ten head and H. A. Muntz also reports it has affected his cattle, he having lost quite a few. Nearly all the ranchers west of the Little Red Deer have suffered more or less from the effects of the weeds.

We are sorry to record the death of John Grierson, of Dog Pond, from inflammation of the bowels. He came here from near Edinburgh, Scotland, two years ago. He was cordially liked by all who knew him, and his early death is regretted by a large circle of acquaintances. The funeral takes place to-morrow (Tuesday) in the cemetery west of town. Rev. P. Naismith will be the officiating clergyman.

Rev. J. Saint preached in the school house yesterday afternoon and the Rev. P. Naismith in the evening.

The Bishop of Calgary and Saskatchewan preached in Walker's Hall yesterday morning at 11 o'clock.

C. Edwards is having a sale by auction here on Thursday the 29, previous to his departure for the old country. He expects to leave about the first of July.

The Sunday school scholars will have a picnic here on the 1st of July. Everybody will do all they can to make it a success.

W. McLennan, butcher, has sold out his business to Coventry & Campbell. From now on it will under the name of Coventry & Campbell, butchers, etc., Olds.

June 17th, 1895.

INNISFAIR.

Charles Hill died on Monday the 10th inst., and was buried on Wednesday last. The body was first taken from the house to the Presbyterian church, where a most instructive funeral sermon was given by the Rev. David Spear, and then to the cemetery, where after a short religious service it was committed to mother earth. There was a considerable attendance. The chief mourners were the wife, daughter and son-in-law of the deceased.

As places become vacant, other lives take their place. Messrs. Richardson, Wright and Powell have all been presented with daughters, and are happy men in consequence.

Joe Nisid has returned alone from Jamaica. Mr. Grusky left almost immediately on arrival at Kingston for Ireland and then could see nothing so nice as at home, so returned without delay.

Mr. Edge has been up from Olds for three weeks or more, decorating the Alberta Hotel. All the rooms have been renovated, but special attention has been paid to the dining room and parlor, which Mr. Edge has made a splendid job of. He is always a good workman, but he has expended some of his greatest skill on these two rooms.

Last week Mr. Gouin sold some land for taxes in the Penhold school district. The sections in question belonged to the Red Deer Land and Homestead Co., and were, we understand, bought in at from 23c to 25c per acre.

Mr. Fream advertises an extensive sale at Olds on Thursday next. All parties wishing implements, stock, or household effects should take notice.

We have had lots of splendid rain, and everything looks very fresh and green. The crops ought to go ahead in good shape now, if we have any heat at all.

Mr. Lexton, boot and shoe drummer, was in town last week.

Mr. Kremer is moving into his new house.

June 17th, 1895.

GENERAL NEWS.

Rain in Nebraska has revived the crops. A creamery has been started at Dewdney, Alberta.

Winnipeg's population increased over 2,000 since last year.

C. P. R. traffic returns show a gratifying increase over those of last year.

The government announces that no arrangements have been made with Gen. Booth for a Salvation army colony in Canada.

A charter has been granted W. MacKenzie, H. D. Lumsden, G. A. Cox and D. B. Mann and others for a railway from Sudbury to James' Bay.

The government has refused the request of the auditor general for a committee of enquiry as to interference with him by the government in the discharge of his duties.

An Ottawa despatch of June 13th to the Free Press says: "It is learned on the best authority that the government have at last decided not to bring down any legislation this session on the Hudson's Bay railway. This will be announced at once."

The Winnipeg Tribune gives an elaborate account of the recent marriage of Mr. C. G. Pennock, of the bank of Ottawa, Parry Sound, to Miss Henrietta Strang, daughter of Robt. Strang of Winnipeg. The bride is a niece of C. F. Strang of Ross Bros., Edmonton.

The Walmd Ranch Co., have decided to quit the business. This is the company of which the celebrated Dr. McEachren was manager,—the gentlemen who persistently announced to the world that Southern Alberta was a paradise for large ranchers but no good for small farmers. But the small farmers are still in it while the large ranchers are one by one going out of it.

The minister of marine and fisheries announces that he is prepared to recommend the abolition of all restrictions upon American fishing in Canadian waters, provided the United States authorities remove that restraint upon Canadian boatmen, farmers and others persons playing in the American waters of the St. Lawrence.

At the Anglican synod's meeting in Toronto a motion will be brought forward relative to the establishment of a course of more thorough religious instruction in public schools. It is proposed that ministers shall be allowed to give religious instruction of a half hour daily in schools to children of their respective denominations, and that the privilege accorded to Catholics of establishing separate schools shall be allowed to all other denominations where sufficient supporters of such denominations desire to create them.

Battleford Herald: Owing to a shortage of funds in the Territorial treasury Mr. Clinkskill has been compelled to forego for the present the grading he had laid out to do on the river road. It will have to be deferred until the next appropriation comes in. The shortage is due to the executive having given out a large sum for relief on the understanding that the Dominion Government would make the advance good. This they refuse to do, and hence the shortage.

Regina Leader: To show the forward state of the crops, and the prospects which exist for a good harvest, we may say that yesterday we were shown some wheat and rye grown on Mr. James Mutch's farm, north of Pense. It is strong and healthy looking. The rye measures about 23 inches in length, and the wheat about 16 inches. They are fair samples of a crop covering some 160 acres. Our reporter visited several parts of Regina District a few days ago. He states that the average height of grain throughout is full 15 inches.

Free Press: As the editor of the Montreal Gazette is an M. P. and a valued friend and supporter of the Ottawa government, it is fair to assume that the four leading questions now before parliament are likely to be dealt with in the manner foreshadowed in an editorial article of his paper. He says that the Manitoba school question is to be examined by a royal commission, that the Chignecto ship railway guarantee will not be extended as to time, that the grant of \$10,000 a mile to the Saskatchewan branch is considered too great an amount for a colonization road, and that the Quebec constituencies will not be redistributed.

Commercial, Vancouver, June 3, 1895: Money is much easier this week. The volume of business is rapidly increasing. The season will be ahead of last year. The splendid reports from Cariboo, Kootenay and other mining districts have stimulated the entire trade of the province. Cannery men are all active preparing for the catch. The take of spring salmon is increasing daily. The lumber mills are running night and day. The shingle mills have more orders than they can fill, and reports of fair catches among the sealing fleets are also to hand. The coal industry at Nanaimo is in a healthy state and in full swing, and anticipated labor troubles seem to have been satisfactorily adjusted. The markets show some interesting changes. The price of old potatoes falling at every quotation. Fresh meat quotations are declining rapidly. Prepared meat quotations are firm at the advanced price. Large shipments of California fruits are arriving by every boat, almost glutting the market and a slump in prices is anticipated. The Westminster market shows an overabundance in every line of produce.

LOCAL.

TRAIN LEAVE Calgary on time.

W. Bloss came in from Beaver lake yesterday by way of Cooking lake.

BUTTER is being refused at some of the stores in town at 15c a pound and eggs are refused at 12c a dozen.

TUESDAY'S churning at the creamery was 500 lbs. To-day's churning was the same. This is 250 pounds a day. It is expected that the amount will be increased to 300 pounds very shortly.

R. A. Mackenzie's timber limit, west of Logan postoffice in the Beaver hills, was burned some weeks ago. Mr. Mackenzie lost some saw logs as well. Only a small part of the limit remains.

A BRONCHO buster named Reid and his partner who were at Edmonston all winter and who are now wanted by the police, went to meet at Beaver lake by two constables, were arrested, but made their escape.

The promotion examinations in the public schools will take place on June 26, 27 and 28th. The teachers' examinations will commence on Tuesday, June 2nd, and will be conducted by Inspector Calder. It is expected that eight candidates will write.

THE license commissioners held an adjourned meeting yesterday. Hotel licenses were granted to Mrs. Murray, Innisfail, and McTaggart & Bouley, Innisfail, and Mrs. Fanny Boyce, Wetaskiwin. The commissioners met at St. Albert to-day to consider the application of Perron & Asselin, for a hotel license.

THE lecture and concert to-morrow night in Robertson's hall promises to be a success. Mr. Morrow will no doubt give an instructive and at the same time amusing lecture, while the choir of the Presbyterian church numbering 19 voices accompanied by two pianos and two cornets will add to the evening's enjoyment. Mr. Randall will conduct the singing.

AT the council meeting last night the petition from ratepayers asking for the submission of a by-law to grant \$40,000 in aid of a spur track was laid on the table, awaiting further information from the railway companies. A communication was received from R. P. Morton regarding the erection of a flour mill. It was ordered that the assessment roll be returned on July 23rd, and that the court of revision sit on Wednesday, August 14th, at 8 p. m.

Barometer reduced to sea level 29.996.

Rainfall 0.14 of an inch.

The following appears in the Toronto World's correspondence of June 10th: Although actually at the present time the Northwest Territories have not the population to entitle them to a fifth member, yet at the rate settlers are going in it is clear that long before the next parliament, when its course the Territories will have far exceeded the electoral unit. Accordingly the Government has decided to ask Parliament this session to give an additional representative, so that the change may take effect with the new parliament. It is expected that Alberta will be divided into two ridings, that being the largest electoral division at present and having a population of 35,000. This was one of the measures promised in the speech from the Throne.

The following is what the Ottawa Citizen says on the Manitoba school question and which some are inclined to say is inspired: "It has been decided that the Catholics of Manitoba have a grievance. The Dominion government has brought that grievance specifically to the notice of the local authorities responsible for it. The latter have refused to furnish the remedy. It is clearly the duty of parliament under the circumstances to supply the omission and place the minority in possession of the rights guaranteed them by law. But it is equally clear that in bestowing upon the Catholics of the province their former privileges of erecting and supporting separate Roman Catholic schools and of obtaining for these a proportionate share of school taxes and of being free from liability to contribute to the support of any schools but their own, it will be necessary to study the situation carefully and proceed cautiously lest widespread mischief should inadvertently be committed."

A REGINA correspondent sends the following: "That success will crown the labors of His Honor Lieutenant Governor Mackintosh is every day becoming more apparent for most glowing reports are pouring in as to the large numbers that intend to visit the Territorial exhibition. Therefore it behoves the settlers from every quarter of the Territories to lend it their hearty support."

port, as no such advertisement has ever before been given to the country. The governor general will open the exhibition. Several of the lieutenant governors of other provinces will be present and governors of several of the States have also signified their intention of visiting Regina at that time. The splendid crop prospects, the advance in prices of farm products, and the indubitable signs of approaching prosperity should encourage all who have an interest in the Northwest, to act as a unit and putting their shoulders to the wheel to do their utmost to make the exhibition as great a success as possible."
